

# Contacting SemanticBible

If you have comments on SemanticBible, problems with the web site or navigation, suggestions for new features, or things you'd like to contribute, please [email us](#) (replace "babble" with "bible"). I'll respond personally to as many inquiries as time permits, but since this isn't my day job, please be patient.

The normative URL for SemanticBible is <http://www.semanticbible.com>. I encourage you to link to this URL, as other references to the site may not prove stable over time.
